ABOUT ME

Hello! My name is Carolina, and I am a **Full Stack Developer** with a strong foundation in both Front-End and Back-End web development.

Hard Skills:

- Front-End Technologies: HTML5, CSS3, JavaScript, TypeScript, SASS, Tailwind CSS, Bootstrap, React JS, Angular
- Back-End Technologies: NodeJS, Express, PostgreSQL, Prisma ORM, Python, NestJS
- Mobile: React Native
- APIs: REST API
- Design/UI: Figma
- No-code: Wordpress

Soft Skills:

- Communication: Developed through over 3 years in sales, enhancing my ability to effectively convey technical information and collaborate with diverse teams.
- Problem-Solving: Experience in resolving client issues and optimizing processes in a fast-paced environment.
- Teamwork: Proven ability to work well in team settings and contribute to collective success.
- Resilience & Time Management: Skills honed through balancing multiple responsibilities and adapting to new challenges.

Background:

I am an Engineer who has transitioned into web development, driven by a passion for innovation and personal growth in the tech field. My previous experience in a technology startup environment deepened my interest in this area, leading me to pursue a career in technology.

Current Goals:

I am excited to connect with inspiring professionals, explore new opportunities, and collaborate on challenging projects.

EDUCATION AND TRAINING

[2025 – Current]

Associate Degree in Systems Analysis and Development

Descomplica Faculdade

[09/2023 – 07/2024]

Full Stack Developer

Kenzie Academy

Country: Brazil |

WORK EXPERIENCE

[03/2022 – 01/2024]

Internship in systems analysis and development

SENAC

Country: Brazil

Front and Back End development using Javascript and Node Js. I worked on developing user interfaces (UI) executing tests and finding bugs in collaboration with my team. I receive guidance and feedback from experienced professionals and had the opportunity to gain practical experience.
